

Amendments to the Specification

Please add the following paragraph on page 6, after the seventh paragraph, and before the “DETAILED DESCRIPTION OF THE INVENTION.”

FIG. 7 shows a sectional view of the initiator assembly according to yet another embodiment of the invention.

Please add the following paragraph on page 17, before the first full paragraph.

FIG. 7 shows a sectional view of the initiator assembly 200 according to yet another embodiment of the invention. The initiator assembly 200 includes a connector socket 220 including two retaining arms 222 extending through an opening 230 in plate 232. The two retaining arms 222 snap-lock the connector socket to an initiator retainer element 240.
